Cheshiahud Lake Union Loop Master Plan Public Meeting

Seattle Parks and Recreation invites you to a public meeting to learn about the Cheshiahud Lake Union Loop Master Plan. The purpose of the loop is to enable citizens and visitors to enjoy the unique character and history of the neighborhoods that surround Lake Union and to enjoy a unique recreational experience. While the loop exists today, Parks will undertake a Master Plan to ensure the loop is easily accessible for a variety of pedestrians and recreational cyclists.

Parks will present a draft master plan conceptual design for segments of loop at this meeting. We will take comments on the concepts and ask for input on the preferred design.

We encourage you to come and participate in this public meeting.
